

PRESS RELEASE

Santa Barbara Chamber of Commerce becomes an Access-Assure Customer

Santa Barbara, California – July 1, 2008. EZ-Assure, an innovator and leading provider of Web-based complete security solutions, announced today that the Santa Barbara regional Chamber of Commerce is now an Access-Assure customer.

“Access-Assure provides customers control of individual access to any secure area or equipment” says Euan Slidders, President of EZ-Assure.

“We are pleased with the accountability and ease-of-use the Access-Assure solution provides us to protect our employees and secure our offices” says Steve Cushman, President of the SB Chamber of Commerce.

About EZ-Assure

EZ-Assure is an innovator and leading provider of Web-based complete security solutions. Key products include Access-Assure, Park-Assure, which produces electronic access control for parking equipment without the need for on-site power; and Guard-Assure which automatically verifies that security guards check what they should. EZ-Assure solutions are installed among customers in the United States, Europe and Asia. For more information, visit www.ez-assure.com.
